(Over)					

17. Sec. V. SMALL FARMS: a. Is this farm operated, controlled or directed by a person who also operates, controls, or directs another farm on which tobacco is produced?

(Answer "Yes" or "No")

b. If answer in item 17a is "No" and farm yield times allotment in line 16 is less than 3,200 pounds, then increase the acreage allotment in line 16 by 20 percent, but not to more than the acreage obtained by dividing the farm yield (item 16a) into 3,200 pounds.

(Allotment as increased)

---

COMMITTEE CERTIFICATION

We hereby certify that all information herein with respect to the farm covered by this record is correct to the best of our information and belief and that the normal acreage for the farm and the farm yield have been determined in accordance with the Flue-cured Allotment Procedure for 1940 and, in our judgment, are fair and reasonable for the farm.
